

## **CALL FOR EXPERTS**

(according to Italian Law, art.7, par. 6 D.Lgs 165/2001)

### **Support in JPI Oceans Action Underwater Noise in the Marine Environment**

#### **OBJECT OF THE ASSIGNMENT**

To support OGS activities in JPI Oceans Action Underwater Noise in the Marine Environment on the topic of environmental impacts of marine geophysical exploration.

#### **REQUIREMENTS**

- extensive knowledge of the bioacoustic scientific challenges in relation to the impact of anthropogenic noise on the marine environment;
- knowledge of the main issues related to the mitigation of the effects of anthropogenic noise in the marine environment, in Italy and in Europe;
- knowledge of sound measurement and monitoring techniques in the marine environment;
- acquaintance with the activities of JPI Oceans for the implementation of EC actions;
- acquaintance with the environmental issues related to the 'reflection seismic' geophysical survey technique also for investigations in support of scientific drilling;
- good knowledge of written and spoken English.

#### **DURATION**

The assignment will expire on 31/10/2022. Renewal of the assignment is not expected, but an extension will be admissible to complete the project, without changes in salary.

#### **SALARY**

The gross amount for the assignment is 5,000.00 EUR.

#### **APPLICATION and DEADLINE**
