

Doctoral School  
Earth Science and  
Fluid Mechanics

## Course: Glaciology (past, present and future)

organized in the framework of the PhD in Earth Science and Fluid Mechanics

Venue: OGS (sala Michelato), Borgo Grotta Gigante 42/c, Sgonico (TS)

### SCHEDULE

11 and 12 May, 09:00-13:00. Glaciers. Lecturer: Renato R. Colucci (CNR- ISMAR)

25 May, 09:00-13:00. Polar marine depositional systems and case studies.  
Lecturers: Angelo Camerlenghi, Michele Rebesco, Renata G. Lucchi (OGS)

26 May, 09:00-13:00. Ice sheets in the climate system. Lecturer Florence Colleoni  
(Euro-Mediterranean Center on Climate Change)
